

**CIK-FIA EUROPEAN KF2/KF3 CHAMPIONSHIP
QUALIFICATIONS - 13.07.2008**

GOTEBORG (S) NORTHERN REGION
ALCANIZ (E) WESTERN REGION
VAL VIBRATA (I) CENTRAL REGION

GRICE DOMINATES IN ALCANIZ

British driver Tom Grice dominates the European KF2 Championship Qualification in Alcaniz. The PDB driver, after performing consistently well in the heats session, and also taking Heat 2 win, takes first overall. Tom finishes 2nd in Race 1 after leading for few laps, and 1st in Race 2, having the better of his direct rivals with a superb last lap overtaking manoeuvre. Good performance also for Robert Butler from Ireland, who takes 7th overall. Good news also from the Northern Region, where Sweden's Felix Frojd clinches a good 7th overall, and Finn Leopold Ringbom recovers up to 15th overall in KF2. PDB star Michelle Gatting makes her way through to the European Final in KF3 on the track in Goteborg after taking two 2nd places in the heats. An accident in Heat 4 forces the beautiful Danish driver to start from 22nd on Race 1 grid, but Michelle makes a good comeback to finish 16th. Bad luck for Bromseth, Oberg, Binder in KF2 who just miss out on the European Championship Final - to be held in Braga (P) on 3rd August - where PDB Racing Team will line up a total of 4 drivers. Michelle Gatting will represent PDB colours at the European KF3 Championship Final in Varennes (F) on 7th September.

'It's been a very busy weekend for us - says PDB Racing Team Principal Peter de Bruijn - but I'm happy we've managed to take 5 of our drivers to the final events. We could have done a bit better in KF3, but it was mainly down to racing accidents, from which it's quite difficult to recover. Considering we had to divide our efforts between Sweden and Spain, I can say fairly satisfied.'
